What's your waste worth? Following up all the enquiries generated from your listings can be a time consuming business. An alternative to this is **The Waste Report** providing you with a fully evaluated report on all enquiries generated from your waste listings. The report includes quotes from all parties interested in your waste, suggestions and comments to ensure you gain the maximum return from your waste. The cost of **The Waste Report** is £150.00 per trading category and includes a full years membership of Wastechange the commercial waste exchange.

Looking for a supply of waste? Wastechange membership will provide you with up to the minute information on the waste in each trading category, you may also list materials wanted.

Noticeboard: Members have access to the noticeboard for daily updates, news, information, and related subjects.

WasteList: List as much waste in as many trading categories as often as necessary. In practice a company can list all its available waste streams. Expressions of interest generated by the waste listings are passed to the company concerned to follow up. The identity of the waste producer is not disclosed. Cost £48.00 per company per year.

WasteReport: The Waste Report evaluates a single waste stream. The report details all enquiries generated by your waste listing and includes quotations from interested parties. Recommendations and analysis which help to ensure you gain the maximum return from your waste. The cost of The Waste Report is £150.00 per trading category and includes a year's membership of Wastechange.

WasteQuest: Enables reproprocessors and recyclers to find upto the minute information on the waste in each trading category and list materials wanted. Cost £48.00 per company per year.

WasteAnalysis: A new service directed at members who are in the reprocessing, recycling and waste management industry. They can receive a report on the current situation of waste available in any particular waste stream. This report will contain the latest information from Wastechange and additional analysis from leading experts in the field. To assist in market analysis, business planning and waste disposal. Problems and other relevant information related to the waste stream will be contained in the report. Cost £150 per waste stream, members only.

WasteLine: Commercial waste help line **1580 925 211** If you have a commercial waste problem we can assist you. Our helpline is open to all for information and support on any commercial waste problem. We don't guarantee we have all the answer. *We do guarantee to find out!*
